Re: Approval of Wyoming's Concentrated Animal Feeding Operations (CAFOs) Rule Program Revision

Dear Mr. Frederick:

The U.S. Environmental Protection Agency (EPA), Region 8, has reviewed Wyoming's final regulatory package revising its CAFO program.

EPA has determined that the program revisions are consistent with EPA's 2008 CAFO rule, as required by 40 C.F.R. § 123.62. Therefore, EPA approves Utah's revised CAFO program.

We appreciate your efforts to adopt and implement the 2008 CAFO rule. If we may be of assistance, please contact my staff associate, Mr. Qian Zhang, at 303-312-6267.

Sincerely,
